ARMENIANS SUBJECTED TO HORRIBLE TORTURES

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Boston, Nov. 16. (12 p. m.)—James P. McNaughton, a missionary who was formerly in Turkey, addressing the Boston Laymen's convention tonight, described atrocities which he said had been perpetrated upon Armenians in Turkey.

"I have recently received a letter from the mission field describing the treatment of an Armenian university professor," he said. "Because he would not make a confession of treason, he was hanged by the wrists for twenty-four hours; then his fingers were torn out. Subsequently he was subjected to unspeakable tortures. He died without signing the confession."

UTAH GOVERNOR HAS NO POWER TO SAVE HILLSTROM

Industrial Worker of World, Convicted of Double Murder, Must Die Unless Supreme Court Intervenes.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Salt Lake, Utah, Nov. 16.—The governor of Utah has no authority to any proceedings in the case of Joseph Hillstrom or to give him a new trial, as urged by the resolutions of the American Federation of Labor in convention at San Francisco. The constitution of the state places the pardoning power with the state board of pardons. The governor may grant a respite, in his discretion, until the next session of the board of pardons, but for no longer period. Governor Spry exercised this prerogative in the case of Hillstrom at the request of President Wilson, September 26, when he granted a respite from October 1, the date originally set for Hillstrom's execution, until October 16, the date of the next meeting of the board of pardons. The respite was terminated by unanimous vote of the board on October 16, no new facts having been presented, and Hillstrom was later sentenced to be executed next Friday.

Neither the governor nor the board of pardons has authority to order a new trial. That power is vested in the supreme court of the state, which has reviewed Hillstrom's case and found no errors sufficient to justify a new trial under the law, even the supreme court cannot now order a new trial of the case.

Governor Spry had not received the request of the American Federation of Labor at 2:30 this afternoon. Many similar requests and demands from various labor organizations in this and other countries have been received at the governor's office in the last five months.

Hillstrom is in his normal condition at the state prison and a death watch has not yet been placed over him. Preparations for the execution have been made and it is believed here that it will take place Friday, as arranged on the case has been considered and acted in by all local authorities and it is not believed President Wilson will intervene again.

No Action by Utah Unions. Officers of the state and city federations of labor decided at a meeting tonight to take no part in the campaign of the American Federation of Labor in behalf of Joseph Hillstrom, sentenced to be shot, next Friday, for the murder of J. G. Morrison, and advised President Gompers by telegram of their views. The telegram, which was signed by the president of the two local bodies, expresses the conviction that Hillstrom had a fair trial by an impartial jury, that he had a fair hearing in the supreme court and before the board of pardons, that no labor unions in Utah have not intervened in the case and "know no reason why they should be dragged into an agitation that is based on misinformation."

H. E. Currie, president of the Salt Lake Federation of Labor, said tonight that D. A. Cammille, delegate from Salt Lake to the San Francisco convention, "had no right to declare on the floor of the convention as a Utah delegate, that Hillstrom did not have a fair trial and was not presenting the view of organized labor in Utah."

Thomas Mooney, mentioned in the dispatches as a Salt Lake man, who spoke in behalf of Hillstrom at the convention, is not known by officers of organized labor here and his name is not in the city directory. President Gompers' message, containing the resolutions adopted by the convention, was received at Governor Spry's office after the governor had left for the day and has not been read by him.

UNCLE SAM ASKS AUSTRIA TO TELL ABOUT ANCONA

Several Points Require Explanation Before Washington Can Form Opinion Regarding Latest Sea Tragedy.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Washington, Nov. 16.—Ambassador Plainfield at Vienna was instructed by cable today to ask the Austro-Hungarian foreign office for a statement of the circumstances of the torpedoing of the Italian liner Ancona in the Mediterranean last week, with a loss of several American lives.

This action was taken upon the presentation by the Austrian embassy here to Secretary Lansing of a communication from Vienna. This is identical with that sent out in wireless Monday through the Overseas News agency. It says the Ancona was torpedoed by an Austrian submarine while trying to escape, but that when she stopped forty-five minutes was allowed for the passengers and crew to get into small boats, a torpedo being fired only when another ship appeared in response to a summons by wireless from the Ancona.

There are several undetermined points on which the American government now seeks information.

The fact that the Austrian government assumes responsibility for the action of the submarine disposed, it is believed, of the reports that the torpedo boat flew a German flag, but officials are anxious to be satisfied on this point as well.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Nov. 16.—(12 p. m.)—Twitchell, president of the New Mexico exposition commission, today received the telegram officially announcing that the Panama-California international exposition will be kept open all of 1916 at San Diego, and officially inviting the commonwealth of New Mexico to participate in what will in effect be a new and grander exposition.

34 ENTOMBER IN MINE; 3 RESCUED ALIVE; ONE DEAD

Dust Explosion Causes Disaster and Fear Is Expressed for Thirty Miners Trapped in Third Level.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Seattle, Wash., Nov. 16.—Thirty-four men were entombed today in the Northwest. Improvement company's coal mine at Ravensdale, twenty-five miles southeast of Seattle, as the result of an explosion of coal dust in the main slope. Early tonight four men had been removed by a rescue team sent by the United States bureau of mines from Seattle. One John Erickson, a laborer, was dead, but the others were revived by the use of inhalators.

Rescue parties were working industriously to reach the thirty men still unaccounted for, who are believed entombed in the third level. Additional rescue teams dispatched from Roslyn and Elum, 100 miles east, reached Ravensdale early tonight.

The explosion, which occurred about an hour after fifty men had left the lower level because part of the power plant was not working, blew the roof off the main main house, sending fire, timber and debris high into the air. The explosion wrecked the telephone line throughout the mine, making it impossible to communicate with the interior workings.

The ventilating system remained in working order and the first level was cleared of gas, but because of the debris, the lower levels could not be purified. The first level was filled with debris and it was feared that the bridges below the second level were destroyed.

An Ideal Remedy for Nursing Mothers

Compound of Simple Laxative Herbs
Safe for Baby and Mother.

"Constipation is a condition that affects the aid, young and middle-aged, and most people at one time or another need help in regulating the action of the bowels. Harsh cathartics and purgatives should not be employed to relieve constipation, as their effect is only temporary, while they shock the system unnecessarily.

A remedy that can be used with perfect safety for the finest babe and that is equally effective for the strongest constitution is found in the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores everywhere for fifty cents a bottle. This is an ideal household remedy and should be in every family medicine chest.

Mrs. F. L. Barstow, 18 Leslie St., Holyoke, Mass., wrote to Dr. Caldwell, 'Syrup Pepsin certainly is fine. I gave it to my baby, Evelyn, and also took it myself. It is the only medicine I have been able to take without affecting the baby in the nursing. I have used it for all four children and it is fine; they like it and ask for it.'

A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained free of charge by writing to Dr. W. R. Caldwell, 451 Washington St., Montpelier, Vt.

THREE AMERICANS REPORTED SLAIN IN SONORA STATE

Two of Them Murdered by Mayo Indians and Another by Cattle Bandits; Protection Asked Not Given.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Tepic, Sonora, Mex., Nov. 16. (12 p. m.)—Three Americans were killed in the interior recently, according to advices received here today, and settlers around Los Mochis were reported to fear attacks by Mayo Indians who are on the warpath. The Carranza government was ordered to leave there for operations against Villa troops near San Blas. A request for protection for Los Mochis was made recently to General Diegues, Carranza commander of troops in Sonora and southern Sonora, by Admiral Cameron McMillan Winslow.

The Americans killed were Maurice Free and Charles Goldsborough, slain November 4, by Indians at Batay, and W. S. Whitton, killed by cattle rustlers at Guimichis, Tepic.

Advices received at El Paso last night stated that one American, Joseph W. Tays, and four companions, were killed near San Blas early in September. They set out from San Blas for Los Mochis on September 5, and were slain, according to a letter from the father of the victim to his brother in El Paso, by a band of Indians led by Bachomo. According to the letter, it was said Carranza authorities had been notified through the American consul at Mazatlan, but that so far the bandits had escaped punishment.
